

The Parliament Press

1st March 2024

Keeping you up to date with the impact
of Pupil Parliament.

By our Head Boy and Head Girl

MP Visit

On Friday 23rd February, we met Paulette Hamilton.- MP for Birmingham, Erdington who asked us about our current Pupil Parliament projects and told us why she wanted to become an MP.

How we have improved playtimes and lunchtimes

We have reduced the sound in the lunch hall by only sending one class in at a time, which also means that the other class has more time to play outside until it is their turn.

Children on packed lunches can sit with their friends who are having school dinners, instead of having to sit in the other hall. We have also added new items to the tuck shop: chocolate crossaints and juice boxes. Some children have requested new equipment, like skipping ropes and hula hoops, so we have ordered this for the playground. If you have any more ideas to improve playtimes or lunchtimes, let us know!

Dining Room

We met Mrs Guest and SLT to share our ideas to redesign the dining room to make it a calmer and more comfortable environment for everyone. We are aiming for it to look more relaxing with : music, new chairs and plants. This can be a chilled place for students, staff and visitors to eat.

New School Houses

Our new houses have been chosen to reflect the local area. Fazeley (Water) from our local canal; Berwood (Earth) The name of this area before it was called Castle Vale; Spitfire (Air) as Castle Vale was used as a base for Spitfire planes during WW2 and Hudson (Fire) after the famous whistle maker in Birmingham.

If your house has the most points by the end of term, you will get a treat, extra playtime and a trophy. On that trophy will be a ribbon, which will be the colour of the house that wins -Red, green, yellow or blue. You can gain points by taking part in school, HUB and GST competitions for sports, arts and events.
