

# Pupil Premium Strategy Statement

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

## School Overview

Detail	Data
School name	Chivenor Primary School
Number of pupils in school	339 (December 2023)
Proportion (%) of pupil premium eligible pupils	69%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021/2022, 2022/2023 and <b>2023/2024</b>
Date this statement was published	December 2023
Date on which it will be reviewed	December 2024
Statement authorised by	Lisa Guest
Pupil premium lead	Dawn Cox
Governor / Trustee lead	Ronald Pillay

## Funding Overview

Detail	Amount
Pupil premium funding allocation this academic year	£344,836
Recovery premium funding allocation this academic year	£3364
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£348,200

## Part A: Pupil Premium Strategy Plan

### Statement of Intent

At Chivenor Primary School, we have high aspirations and ambitions for our children and we believe that all learners should be able to reach their full potential and thus implement a 100% culture that permeates throughout school. We strongly believe that reaching your potential is not about where you come from, but instead, about developing the necessary skills and values required to succeed.

The challenges facing disadvantaged pupils and their families are varied and there is no “one size fits all”, however, through relationships with staff and families, we aim to know every child, as an individual, and tailor the support to precisely meet their needs. Common factors affecting pupil premium pupils include: lack of support at home, poor language and communication skills, lack of confidence and limited life experiences. There may also be more complex family circumstances that prevent children from flourishing.

Our pupils in receipt of the Pupil Premium Funding face specific barriers to reaching their full potential, and, at Chivenor, we are determined to provide the support and guidance they need to help them overcome these barriers.

In addition to this, we aim to provide them with access to a variety of exciting opportunities and a rich and varied curriculum. We take pride in helping children to be confident, happy and resilient, ensuring they are ready to find their place in the world.

Our ultimate objectives are:

- to eradicate the attainment gap between disadvantaged and non-disadvantaged pupils in all subject areas (including in attainment at greater depth);
- to foster meaningful partnerships between home and school, by supporting all families to participate in all areas of school life as well as providing them with strategies to meet the academic, as well as social and emotional needs, of their children;
- to facilitate excellent learning opportunities, through an expertly taught curriculum which includes meaningful feedback, targeted questioning and accurate assessments.

We aim to do this by:

- ensuring that high quality teaching and learning opportunities meet the needs of all pupils;
- delivering an expertly planned curriculum which ensures pupils make rapid progress; delivering an aspirational broad and balanced curriculum which plans for experiential experiences to develop skills such as application, analysis and evaluation;
- providing families with the tools that they need to support their child's learning in school through providing them with key learning concepts prior to learning taking place;
- holding regular drop –in sessions for families such as coffee mornings, stay and play and well-being sessions to provide targeted support; improving children's well-being and developing skills such as problem solving, risk taking and improved communication through our outdoor learning provision;
- providing school clubs, trips and experiences to enhance cultural capital and widen horizons.

The key principles of the plan are to provide a holistic and well-rounded approach towards education providing an exceptional foundation for life-long learning. Our culture of 100% ensures that every child has the opportunity to grow in self-confidence, academic success, and artistic endeavours. This is achieved by providing a rigorously planned and evaluated curriculum, opportunities for wide-ranging extracurricular participation and exceptional pastoral care.

# Pupil Premium Strategy Statement

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Disadvantaged pupils enter school with significantly lower starting points than their peers. Some start school with limited speech and communication skills
2	Low attainment and slow progress rates made by disadvantaged pupils, with poor parental engagement with learning.
3	Pupils and their families have social and emotional difficulties, including mental health issues with needs often unmet.
4	Pupils have limited experiences beyond their home life and immediate community.
5	Attendance rates for disadvantaged pupils are below the target set for all pupils and families remain challenging.
6	Low aspirations and parents with poor experience of education leads to limited vocabulary and poor ethos of reading at home.

## Intended outcomes

This explains the outcomes we are aiming for by the end of our current strategy plan, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Disadvantaged pupils achieve at least age related expectations.	End of Summer will show that 100% of disadvantaged children have made at least expected progress from the previous Summer. Gap analysis shows reduced gaps in combined attainment at ARE and at greater depth. Specific support in place for individuals where needed and staff have clear understanding of pupils' individual needs.
Attendance is above national average and that of similar schools. PA is low and families are well supported. Rigorous systems are in place.	PP attendance is in line with non PP and whole school figures are in line with national. There is a decrease in PA. Identified families receive/offered sufficient support to increase attendance. Early Help offers made and ESA service supports families to improve attendance. Attendance has a high profile in school. New strategies have an impact on families of concern.
Mental health and well-being is promoted and all disadvantaged pupils have a support system in place to facilitate in school and at home support.	Early Intervention strategies have reduced barriers to learning. Referrals to the team are acted upon. Children show greater resilience and ability to self-regulate and demonstrate a greater engagement with their learning.

# Pupil Premium Strategy Statement

	Identified pupils are allocated a Learning Mentor, who will meet with them regularly and provide support/alleviate barriers. Families feel supported, they believe they can achieve 100% culture.
Disadvantaged pupils make accelerated progress in reading and phonics.	Reading is rigorously monitored and tracked via Accelerated reader. Data is used to focus on key pupils for additional support, including daily readers. All attainment is at least in line with national expected outcomes. Support and strategies are in place for parents to engage them in reading at home. Disadvantaged children develop a love of reading through a range of school strategies and wide ranging texts. Support provided by mentors in interventions impacts positively in class and on attainment.
School will deliver an engaging, broad and varied curriculum, which provides pupils with a breadth of experiences and a lifelong learning culture is established.	Curriculum offer ensures a wide range of visits/experiences to inspire/enhance learning and make it memorable. Learning is meaningful and relevant. Pupils will be exposed to a wide range of social, cultural, enrichment and sporting experiences. Prep for learning has a positive impact on learning and parents show increased engagement. Learning through outdoor experiences showcase unique talents which lead to profound changes in confidence and self-esteem as well as high achievement in all areas of the curriculum.
Gaps between disadvantaged and non-disadvantaged close and speech and language skills are in line with national for all groups.	Wellcomm baselines ensure specific and targeted support is in place throughout school. Parental workshops develop parental engagement and skills/knowledge. Wellcomm data evidences good or better progress. Classrooms are language rich and pupils are engaged and eager to learn. All pupils exposed to age appropriate vocabulary.

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

1) Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £121,500

# Pupil Premium Strategy Statement

Activity	Evidence that supports this approach	Challenge number(s) addressed
Senior/Middle leaders coach and mentor teachers to secure quality first teaching – key focus maths and writing development.	<p>Quality First teaching raises standards and provides high quality learning for all.</p> <p>Coaching supports leadership development and confidence when mentoring staff.</p> <p>Time used for leaders to coach and mentor staff shows that the quality of provision within lessons improves.</p> <p>Leadership Time used to evaluate the impact of provision and make quick and effective adaptations.</p> <p>ECTs have access to a wide range of development and training strategies and experiences.</p>	1, 2, & 6
Staff training and development focuses on quality T&L and assessment in all subjects.	<p>The EEF research around the impact of high quality CPD is that through utilising a multifaceted approach, this enhances the quality of teaching and improves outcomes for all groups of pupils.</p> <p>Good quality teaching that impacts on pupil attainment and progress.</p> <p>Staff engage in self-directed study.</p> <p>Bespoke training delivers support for staff to deliver excellent provision for all.</p>	1 & 2
Senior teachers deployed to teach in Year 6 to ensure pace, quality and consistency in teaching.	<p>As the size of a class or teaching group gets smaller, the EEF suggests that the range of approaches a teacher can employ and the amount of attention each student will receive will increase, improving outcomes for pupils.</p> <p>The most successful schools ensure that pupils catch up with the basics of literacy and numeracy - <a href="http://Gov.uk/publications/the-pupil-premium-how-schools-are-spending-the-funding-successfully">Gov.uk/publications/the pupil premium how schools are spending the funding successfully</a>.</p> <p>SLT increases and drives teaching standards evidence in internal reviews and external moderations.</p>	<p>1, 2, 3 &amp; 6</p> <p>1,2</p>
Early reading strategy is underpinned by the RWI programme. Training focuses on inclusion and support for disadvantaged pupils and families.	<p>Reading comprehension strategies have a high impact on average (+6 months). Accelerated progress is seen in data and information is used to support pupils.</p> <p>Small group and individual interventions raise attainment, confidence and self-belief.</p>	2 & 6

## Pupil Premium Strategy Statement

	Clear support and strategies are in place for disadvantaged pupils to access a range of texts and progress is closely monitored and evaluated.	
The curriculum is precisely planned to increase the cultural capital and experiences of disadvantaged children.	The impact of arts and sports participation on all areas of academic learning is positive as well as having a positive impact on pupil well-being.	2, 3 & 4
Specialist Music, Sports and Drama provision in order to raise aspiration	As recommended by EFF Specialist teachers emphasise and model the importance of extending pupils in lessons - particularly disadvantaged pupils where vocabulary acquisition needs enriching. Arts including music is a vital aspect of a nurturing and inspiring curriculum Research shows that mastery and specialist teaching has a positive impact on primary pupils. Wider benefits such as more positive attitudes to learning and increased wellbeing have been consistently reported in relation to exposure to the arts and sports.	3, 4, 5 & 6
Specific online programmes in place to increase progress and engagement for all.	Consolidation of learning takes place with online engagement for pupils. Programmes also support Prep for learning. Access is for all pupils with some are for those with specific learning needs to improve basic skills in reading, writing, maths and spelling outcomes. Subscriptions to online tools that help teachers track closely progress and needs leading to early diagnosis and intervention to improve outcomes and close gaps.	2, 4, & 6

# Pupil Premium Strategy Statement

2) Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 68,584

Activity	Evidence that supports this approach	Challenge number(s) addressed
TAs trained in WELLCOMM Programme will deliver sessions to identified children in year 1, Reception and KS2 where needed.	Research outcomes by the EEF note that oral language interventions emphasise spoken language and verbal interaction in the classroom so that learners benefit from explicit discussion of content or processes of learning, or both. This can generate 5 months of progress.  1:1 reading across all key stages for disadvantaged focus pupils.	1, 2 & 6
Provide targeted, structured interventions to pupils across the whole school.  Interventions to be monitored and evaluated by the Deputy Head teacher.  Interventions to be carried out by experienced teachers (including the National Tutoring Programme)  Teacher's provide small group or one-to-one after school tuition to targeted pupils.	Provision of QFT, mastery curriculum and effective challenge for children identified as needing additional support. Pupils make accelerated progress and attainment shows a rise for all pupils. Pupil engagement and confidence in lessons can be seen with greater resilience and removing barriers. Pre-teaching of units in small groups and use of the programme Century as evidence proves that this strategy has an impact on pupils attainment and confidence. An in-school Counsellor will work with children who need social and emotional support Disadvantaged pupils to attend specific small group after school sessions to ensure maximum progress in preparation for end of KS2 assessments and year 7 ready.	1, 2, 4 & 6
Release time for RWInc Lead for coaching and securing quality first teaching – key focus reading.	Phonics results are above national Teachers are more confident in delivering RWInc	1, 2 & 6
Forest school implementation to promote positive well-being which leads to higher achievement and improved mental health.	Forest School Lead delivers weekly sessions which staff are also exposed to. Targeted pupils from across years will access during the school year.  Research from NEF (New Economics Foundation) shows that Forest School makes a difference to pupils: confidence, social skills, communication, physical skills, motivation and skills and understanding	3, 4 & 5

# Pupil Premium Strategy Statement

3) Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £158,116

Activity	Evidence that supports this approach	Challenge number(s) addressed
Counselling support for pupils with Social, Emotional and Mental Health (SEMH) needs and Adverse Childhood experiences (ACE's)	Small group/individual sessions and focused interventions raise attainment, confidence and self-esteem. Whole class bespoke sessions throughout the year. Weekly counselling sessions with disadvantaged pupils, identified from referrals, to support the well-being and SEMH ready for the classroom.	3 & 4
Pastoral team, Counsellor, attendance champion and Parent Liaison Officer work with vulnerable families to improve engagement	EEF defines parental engagement as the involvement of parents supporting their children's academic learning. School will support families to develop their skills, knowledge and understanding. Encourage and involve parents in their child's learning and offer intense programmes to those in crisis. We will strive to remove the emotional and social barriers to learning and school attendance. Improved attendance results in higher attainment.	3, 4 & 5
Now Press Play to enhance Cultural Capital and further Widen Horizons	Experiences are wide ranging for all year groups exposing them to opportunities and experiences beyond the classroom without leaving the classroom. Listening skills developed through activities as is vocabulary exposure.	1,4,6
Early Help support and school early help offer in place for all disadvantaged families.	Early intervention targets disadvantaged families and ensures vital support is accessed rapidly. This ensures the children are supported to achieve their very best socially, emotionally and academically.	3 & 5
Educational Psychologist provides specialist support and training	Early intervention and diagnosis is proven to ensure disadvantaged pupils perform well in school. Buy into EP services in order to support and offer CPD teachers with strategies and recommendations for underachieving pupils.	1, 3, 5 & 6
Aston Villa Foundation Bespoke package of Maths/English, mental	Weekly sessions with Aston Villa Foundation staff focus upon Number and Reading and specific mental health	2, 3, 4, 5 & 6

## Pupil Premium Strategy Statement

health, resilience and social skills for targeted pupils.	/ resilience and esteem, which will raise progress, attainment, confidence and attendance.  Sessions also act as CPD for staff in attendance	
All children in school are given opportunities to participate in activities which enhance and broaden the curriculum and their learning experiences, including Griffin Arts, Science and Sports Festivals.	Raised aspirations by increasing participation experiences in broader and cultural and social stimuli.  Enable eligible pupils to participate fully in after-school clubs and activities and to provide financial support for educational visits.  All visits identified and mapped to the curriculum and all pupils access equally.	4

Total budgeted cost: £348,200

# Pupil Premium Strategy Statement

## Part B: Review of Outcomes in the Previous Academic Year

### Pupil Premium Strategy Outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

The strategic use of Pupil Premium funding continues to be a priority for Chivenor, guided by the three pillars of Proud Traditions, Wide Horizons and High Achievement. The use of the funding has been carefully managed to ensure that the most under-resourced children and families within our school community benefit from provision that prepares them for the next stage of their education and beyond. We remain committed to equipping all pupils, particularly the less advantaged, with the best start in life – both academically and culturally. We want all pupils to go on and confidently take their place in society.

Moderation and teacher assessments consistently highlight the positive impact targeted funding has on children, and this is reflected in their academic performance and overall well-being. Pupil voice and external validation affirm Chivenor as a nurturing and inspiring environment for everyone. The establishment of, and the ongoing development of positive relationships, particularly with hard to reach families, continues to be prioritised with leaders working tirelessly to offer the very best educational opportunities to every child. Significant challenges with families remain and the strategy will continue to work hard to engage hard to reach families.

Post-Pandemic national data highlights the increase in mental health issues with pupils and parents/carers across the board but a higher increase amongst disadvantaged children and young people has been noted.. We have a wide range of strategies on offer to support our pupils well-being and social and emotional development. This area remains a high focus for us as a school. Parental voice indicates the appreciation families have for the wide range of support on offer from school.

Internal data for the wider curriculum shows that slight gaps still appear in some subjects and the achievement at greater depth is still a focus. The plan will continue to focus on this for 23/24 where work to reduce this will be aimed.

Attendance figures indicate the positive impact strategies are having to reduce gaps. Gaps reduced are also a testament to the high quality provision on offer. That said, attendance will remain a high priority for the year ahead as improvements can always be made.

### KS2 Outcomes 2023

Statutory test data from the end of Year 6 indicates how successful strategies have been at reducing attainment gaps at the end of KS2. Some variances remain and a strategy is in place to reduce these further in the coming year.

Pupil Premium children achieving the expected standard in Reading, Writing and Maths combined.	55%
Non Pupil Premium children exceeding the expected standard in Reading, Writing and Maths combined.	53%

# Pupil Premium Strategy Statement

## Pupils Meeting the Expected Standard in Reading, Writing and Maths

Pupils are meeting the expected standard if they achieve a scaled score of 100 or more in their reading and maths tests, and their teacher assesses them as 'working at the expected standard' or better Reading, and Maths. Teachers assess writing and decide whether a child is working at ARE or above.

KS2 SATs 2023	Reading	Writing	Maths	Combined
All Pupils	64%	75%	73%	54%
National Average	73%	71%	73%	59%

KS1 Outcomes 2023	Reading	Writing	Maths
KS1 all pupils	61%	61%	71%
Pupil Premium	58%	58%	71%
National Average	68%	60%	60%

## Progress Outcomes 2023

Internal progress data significantly shows the impact strategies are having on closing gaps for disadvantaged pupils. Accelerated progress can be seen in all areas.

Steps Progress Years 1 to 6	PP	Non - PP
Reading	5.9	6.0
Writing	6.0	6.5
Maths	6.3	6.4
Combined	6.1	6.3

## Year 4 Tables Test Outcomes 2023

Average point scores show Pupil Premium pupils, although showing a slight gap within school, performed above disadvantaged pupils nationally.

	Average	National
Pupil Premium	19.9	18.3
Non Pupil Premium	23.8	20.9
